The Extension Service**

February 21, 2018

To whom it may concern:

Subject: EdenNet by Edenshield

I hereby confirm that the product "EdenNet" (Manufacture by EdenShield LTD), has been formally approved in the "Integrated Pest Management" field trial program of the Israeli Ministry of Agriculture. This program encourages the use of non-toxic materials in pest control and is partly financed by the Israeli Ministry of Agriculture.

Sincerely,

Shlomo Israel

Division Head
Agricultural Support Systems
Ministry of agriculture
State of Israel
